

Cognitex® Basics

Lay a strong foundation for cognitive health

Item #02321 • 30 softgels

Lay a strong foundation for healthy cognition and memory with Cognitex® Basics! This formula has 250 mg of alpha-glycerol phosphoryl choline (Alpha-GPC), a precursor to acetylcholine, an essential neurotransmitter for cognitive health.

Cognitex® Basics also has 100 mg of phosphatidylserine to promote brain cell health, help maintain brain-cell-to-brain-cell connections, and more. In addition, 100 mg of AuroraBlue® Wildcrafted blueberry complex standardized to 4-5% anthocyanins has been added to support healthy cognitive function. Add Cognitex® Basics to your regimen today!

AuroraBlue® is a registered trademark of Denali BioTechnologies, Inc.
